## Highway Reconstruction Update

# Building the Infrastructure

**TRINIDAD** – For the next few weeks, construction crews will continue to build embankments, retaining walls and storm drains. This activity should not cause any new closures to exits or ramps. Repair work will continue on the south bound I-25 viaduct causing periodic lane closures.

As a reminder, the Colorado State Patrol has committed to a zero tolerance policy for traffic violations such as speeding and aggressive driving through the construction zone.

Traffic updates and project information can be seen on the project web site [www.i25trinidad.com](http://www.i25trinidad.com). Information about this or other CDOT projects is available at [www.cotrip.org](http://www.cotrip.org) or by calling (877) 315-ROAD throughout Colorado. Information is also available by dialing 511.
