Highway Reconstruction Update

Columns, Retaining Walls and Storm Drains

TRINIDAD –Lawrence Construction Company is continuing to install footings, and columns for the new northbound alignment of I-25 near Commercial Street. In addition, they will begin the construction of retaining walls near the Main Street bridge adjacent to the Commercial Street on-ramp and storm drains will be installed under the Main Street on-ramp. Traffic will be limited to one lane, flagging crews will be on-hand to direct traffic flow.

Traffic updates and project information can be seen on the project web site www.i25trinidad.com. Information about this or other CDOT projects is available at www.cotrip.org or by calling (877) 315-ROAD throughout Colorado. Information is also available by dialing 511.
