## Highway Reconstruction Update

# Demolition Begins Over Main Street

**TRINIDAD** – Demolition of the I-25 bridge over Main Street will begin Monday and Tuesday of next week. The southbound ramp will be closed, all other ramps will remain open. All ramps should reopen on Wednesday April 25. Weather caused a one day delay for the planned shift of the northbound traffic to the left lane of southbound lanes. Both the northbound and southbound directions will have only one lane of traffic available. This lane configuration will be in place until summer of 2009 as the Main Street bridge, the Purgatoire River bridge, and the I-25 Viaduct will be under construction.

Please mark your calendars for the evening of May 1, 2007, when CDOT will host a public information meeting and open house to inform businesses and the public of current and future construction activities and project schedule. Details will be posted in this newspaper.

Traffic updates and project information can be seen on the project web site [www.i25trinidad.com](http://www.i25trinidad.com). Information about this or other CDOT projects is available at [www.cotrip.org](http://www.cotrip.org) or by calling (877) 315-ROAD throughout Colorado. Information is also available by dialing 511.
