## **Highway Reconstruction Update**

# **Demolition is Complete**

TRINIDAD – Demolition of all bridges and buildings is complete for this phase of the reconstruction project.

Work continues on the Commercial Street sewer line with Commercial Street being closed between Pine Street and the I-25 northbound on ramp. The ramp is not accessible from the downtown area, but is expected to remain open for traffic traveling southward down Commercial Street from the five points intersection of Arizona, Commercial and Colorado Streets. Intermittent closure of the northbound on ramp will occur as sewer line work progresses.

Minor traffic delays are expected at Main Street and the Interstate ramps to allow for trucks to enter and exit the work area

Construction continues on the viaduct bridge piers and the Main Street bridge landscape walls. Traffic updates and project information can be seen on the project web site [www.i25trinidad.com](http://www.i25trinidad.com). Information about this or other CDOT projects is available at [www.cotrip.org](http://www.cotrip.org) or by calling (877) 315-ROAD throughout Colorado. Information is also available by dialing 511.
