## **Highway Reconstruction Update**

# **Median Work Continues**

**TRINIDAD** – Last week CDOT restricted the southbound lanes to the right lane for continued median work and concrete barrier placement. According to the schedule, on April 16 northbound traffic will be detoured to the left lane of the southbound lanes. Both the northbound and southbound directions will have only one lane of traffic available. This lane configuration will allow for the reconstruction of the Interstate 25 bridges over Main Street and over the Purgatoire River and is expected to remain in effect until September 2007.

Please mark your calendars for the evening of May 1, 2007, when CDOT will host a public information meeting and open house to inform businesses and the public of current and future construction activities and project schedule. Details will be posted in this newspaper.

Traffic updates and project information can be seen on the project web site [www.i25trinidad.com](http://www.i25trinidad.com). Information about this or other CDOT projects is available at [www.cotrip.org](http://www.cotrip.org) or by calling (877) 315-ROAD throughout Colorado. Information is also available by dialing 511.
