Highway Reconstruction Update

Temporary North Bound I-25 Closure

TRINIDAD – North bound I-25 through Trinidad will be closed temporarily on Thursday June 19, 2008 from 1:00 a.m. until 5:00 a.m. Lawrence Construction will be placing form work for the new bridge over the Purgatoire River. Because there is insufficient room for their equipment between the existing I-25 and the new bridge, the north bound lane of I-25 will be used to install form work. Crews will use this time to repair potholes and conduct other clean up on the northbound lane. During this temporary closure, traffic will be detoured off I-25 at Main Street through town on the designated Incident Management Route and back onto I-25 at the Goddard Interchange. We thank you for your patience during these closures and detours.

Traffic updates and project information can be seen on the project web site www.i25trinidad.com. Information about this or other CDOT projects is available at www.cotrip.org or by calling (877) 315-ROAD throughout Colorado. Information is also available by dialing 511.
