TRAFFIC ADVISORY

Upcoming Intersection Closures

TRINIDAD – The Colorado Department of Transportation (CDOT) is closing two intersections to through traffic next week to allow the sections of roadway under Interstate 25 to be reconstructed.

On Monday, September 13, the Pine Street/Arizona Street intersection will be closed. Both streets will remain open for local traffic only. A detour will be in place for through traffic. The intersection is scheduled to reopen to all vehicles on Friday, September 24.

Then on Wednesday, September 15, the University Street/State Street intersection closes to through traffic, requiring use of a detour route. The intersection will remain open to local traffic. It is scheduled to fully reopen on Friday, September 17.

Additional construction information is available by calling the contractor, Lawrence Construction, at 719-846-4961 or visiting the project Web Site at www.i25trinidad.com.
