## Highway Reconstruction Update

# Weather Delays Demolition

**TRINIDAD** – The demolition of the Main Street bridge scheduled for earlier this week has been delayed due to weather conditions, it is being rescheduled for next week. When demolition begins, the southbound on-ramp from Main Street will be temporarily closed while the bridge deck and girders are being dismantled. Also next week, the construction of retaining walls and storm drains will continue near Main Street and Commercial Street. The one lane configuration on I-25 will remain in effect for the duration of the project.

Please mark your calendars for the evening of May 1, 2007, when CDOT will host a public information meeting and open house to inform businesses and the public of current and future construction activities and project schedule. Details will be posted in this newspaper.

Traffic updates and project information can be seen on the project web site [www.i25trinidad.com](http://www.i25trinidad.com). Information about this or other CDOT projects is available at [www.cotrip.org](http://www.cotrip.org) or by calling (877) 315-ROAD throughout Colorado. Information is also available by dialing 511.
